

**Preliminary 2012 Return Share Percentages for Electronics Manufacturers
WMMFA (based on Ecycle WA data collected) -- September 2011**

Pounds derived from actual random sampling conducted at WMMFA contracted processors for the time period **January 1, 2011 - September 30, 2011**. Sampling conducted using standard plan statistical sampling methodology as prescribed in WAC-900-900. Data obtained is deemed preliminary until full year 2011 data is available. Full year 2011 data will be used for computation of remaining 2012 Manufacturer invoices when it becomes available in early 2012.
